The SBNFA, a 501(c)3 nonprofit organization and key partner to the U.S. Forest Service, is committed to three initiatives addressing conservation, education and responsible recreation through a year-round portfolio of programming aimed at reaching Southern California's inland urban and mountain communities and visitor populations on public lands.

Through partnerships and a strong volunteer backbone network, the SBNFA brings communities of people, partners and funding resources to important public lands projects focused on health, stewardship and sustainability.

The posting or distribution of written materials by students does not indicate district endorsement of the content of the materials or of the organization, group, company, agency, or individuals associated with the materials.
