## **Tussock Moth and Bark Beetle meeting set for December 8 Big Bear Civic Center 10:00 a.m.**

**San Bernardino, Calif., November 29, 2010** – The public is invited to a Douglas-fir tussock moth and bark beetle informational session at the Big Bear Civic Center on December 8.

U.S. Forest Service and CalFire entomologists are presenting information on the tussock moth infestation and a seasonal update on bark beetle activity in the Big Bear valley. Entomologists and foresters will be providing information for residents that may have tree species susceptible to tussock moth such as Blue Spruce and Douglas-fir.

**Date:** December 8, 2010

**Time:** 10:00 a.m. to 10:45 a.m.

**Location:** Big Bear Civic Center – Hofert Hall  
39707 Big Bear Blvd.  
Big Bear Lake, CA 92315
